

9th Grade Boys Meeting 1 Recap:

During our first YMSL meeting of 2018-2019 we talked shortly about our roles and the business of the meeting. The philanthropies committee shared with us about the assisted living facility in Dunwoody. However, most of the meeting was for our speaker, Romeo Salvadore, to talk about the importance of communication. Some of the main points he made were to always be confident and speak up. It was very important to hear these things, as it can be hard to speak in front of large groups of people. Our October chapter meeting was at Sandy Springs City Hall on October 14.
